

Darpan Soni

Cyber Security — VAPT — Digital Forensics — SIEM

darpans760@gmail.com — +91 7588737402 — LinkedIn Profile — Github

Summary

Cyber Security Engineering student with hands-on experience in digital forensics, VAPT, and security operations through industry internships and practical projects. Skilled in forensic analysis, evidence acquisition, vulnerability assessment, and SIEM development. Ranked among the top 2% of TryHackMe users with practical exposure to web security, incident investigation, and cybersecurity tools.

Projects

Advanced SIEM — Ongoing

Building a SIEM platform using FastAPI, Kafka, PostgreSQL, React, and Docker for real-time log analysis, MITRE ATT&CK mapping, threat detection, and incident investigation.

IntelX-Forensics

url: intelxforensics

Developed a digital forensics management platform using ReactJS, Laravel, Python, and Tailwind CSS for case management, workflow automation, and report generation.

Universal cms plugin for content integrity & ownership proof

github url: cms_plugin

Created a WordPress plugin using PHP and MySQL to verify content authenticity and establish ownership through secure content record validation.

Skills

Languages: C++, Java, Python, JavaScript

Security Tools: BurpSuite, Nmap, Wireshark, Metasploit, Hydra

Forensics Tools: Oxygen Forensics Detective, MOBILedit forensics Express, WinHex, Ultdata, FTKImager, Autopsy

Technologies: SIEM, ReactJS, ExpressJS, TailwindCSS, BootstrapCSS, Docker, FastAPI, Kafka, Git, Github

Database: MySQL, PostgreSQL, MongoDB

Platforms: Kali Linux, Parrot OS, Linux, GCP

Certifications

- Deloitte Cyber Job Simulation - Forage
- Infosys SpringBoard - Hands on Penetration Testing
- TryHackMe - Jr. Penetration Tester ; Pre Security
- NPTEL Certificate in Public Speaking
- Published research work in the International Journal of Scientific Research in Engineering and Management (IJSREM) as part of the final-year project.

Experience

Cyber Security Intern — CodeLancer Cyber Security and Forensics Pvt. Ltd. — December 2025 - June 2026

Worked as a Cyber Security and Digital Forensics Intern with practical experience in mobile forensics, data acquisition, forensic imaging, evidence analysis, hash verification, and forensic reporting. Performed VAPT and bug bounty assessments using Burp Suite, OSINT techniques, and AI-assisted security tools to identify vulnerabilities and support security investigations.

Cyber Security Intern — Cyber Secure India — 3 months Remote Internship December 2024

Obtained hands-on experience in cybersecurity operations, threat intelligence, digital forensics, and ethical hacking through practical labs, threat analysis, and forensic investigations.

1 month Remote Intern — YBI Foundatio — June 2025

Exposure to Generative AI, prompt engineering, and AI-assisted automation concepts through a one-month remote internship.

Education

B.Tech in Computer Science and Engineering (Cyber Security)

G. H. Raison College of Engineering and Management, Nagpur — 2026 — 8.58 CGPA

Leadership & Activities

- Sentinel Club - Ex-Treasurer
- Organized a 6 hrs City Level Hackathon - (RSOC-2025)- Event Co-Head
- Cyber Security Awareness campaign under Sentinel Club
- Worked as intern and a team leader at NGO for 1 month- HEEDS Foundation

Achievements

- Ranked in the top 2% globally on TryHackMe with 150+ rooms completed and 16 badges earned across penetration testing, SOC, web security, and digital forensics domains.
- Completed 50+ PortSwigger Web Security Academy labs covering SQL Injection, XSS, Authentication, Access Control, SSRF, and other OWASP Top 10 vulnerabilities.
