

DARPAN SONI

Digital Forensics | Cyber Security Analyst | SOC

darpan760@gmail.com | +91 7588737402 | LinkedIn | GitHub

Summary

Cyber Security Engineering graduate with hands-on experience in digital forensics, VAPT, and SOC operations across four internships. Ranked top 2% globally on TryHackMe; completed 50+ PortSwigger labs and KC7 threat-hunting simulations. Seeking an entry-level SOC Analyst / Digital Forensics Analyst Roles.

Skills

Security Tools: Burp Suite, Nmap, Wireshark, Metasploit, Hydra

Forensics Tools: Oxygen Forensics Detective, MOBILedit Forensic Express, WinHex, FTK Imager, Autopsy, Ultdata

Languages: Python, Java, C++, JavaScript

SOC / SIEM: Log analysis, threat hunting, incident investigation

Platforms & Databases: Kali Linux, Parrot OS, Linux, GCP, MySQL, PostgreSQL, MongoDB

Technologies: FastAPI, Kafka, Docker, React, Git

Experience

Cyber Security Intern — CodeLancer Cyber Security and Forensics Pvt. Ltd.

Dec 2025 – Jun 2026

- Performed mobile device forensic acquisitions and data imaging using industry-standard tools, maintaining evidentiary integrity through hash verification (MD5/SHA-256) and chain-of-custody compliance
- Analyzed extracted evidence to identify relevant artifacts and documented findings in formal forensic reports
- Conducted vulnerability assessments on web applications using Burp Suite, applying manual and automated testing techniques to identify security flaws and explored AI-assisted tools to accelerate vulnerability identification and investigative workflows
- Applied OSINT techniques to gather intelligence supporting active security investigations
- Contributed to building IntelX-Forensics, a case management application and website to assist investigators with evidence handling, chain-of-custody tracking, and report generation

Cyber Security Intern — Cyber Secure India (Remote)

Dec 2024 – Mar 2025

- Investigated simulated security incidents in SOC-style labs, mapping observed attacker activity to MITRE ATT&CK techniques
- Completed hands-on digital forensics and security labs on TryHackMe and HackTheBox, covering disk imaging, log analysis, and incident investigation scenarios

Remote Intern — YBI Foundation

Jun 2025

- Exposure to Generative AI, prompt engineering, and AI-assisted automation concepts through a one-month remote internship

Projects

SOC Home Lab (In Development)

- Building a self-hosted SOC home lab (Security Onion / ELK stack, Sysmon, Windows & Linux endpoints) to simulate real-world attacks, configuring log ingestion, correlation rules, and alerting mapped to MITRE ATT&CK for hands-on detection and incident response practice

IntelX-Forensics

- Built a CDR (Call Detail Record) analyzer platform (ReactJS, Laravel, Python, Tailwind CSS) that also functions as an end-to-end case management system with chain-of-custody tracking and automated forensic report generation
- Developed an OSINT IPDR analyzer, IP info lookup, and metadata/hash generator, along with social media analyzer, video object analyzer, and image/video clarification (enhancement) modules

Content Integrity WordPress Plugin

- Developed a PHP/MySQL WordPress plugin to verify content authenticity and establish ownership via secure content record validation

Certifications & Achievements

- TryHackMe — Jr. Penetration Tester, Pre Security (Top 2% globally; 150+ rooms completed, 16 badges earned)
- Coursera — Cyber Security: Essentials for Forensics, in collaboration with Macquarie University, Australia
- KC7 — Security Analyst 1 (threat-hunting labs using DNS, authentication, and process logs)
- PortSwigger Web Security Academy — 50+ labs completed (SQL Injection, XSS, Authentication, Access Control)
- Infosys SpringBoard — Hands-on Penetration Testing
- Deloitte Cyber Job Simulation (Forage)

Leadership & Activities

- Ex-Treasurer, Sentinel Club; Event Co-Head for RSOC-2025, a 6-hour city-level hackathon
- Led a cybersecurity awareness campaign under Sentinel Club; completed a 1-month internship as team lead at HEEDS Foundation

Education

B.Tech in Computer Science and Engineering (Cyber Security)

2026

G. H. Raisoni College of Engineering and Management, Nagpur | CGPA 8.68
